Please note: If you fax the application please keep an original!

This is one of over 600 AmeriCorps State and National programs. All AmeriCorps programs share many of the same benefits, goals, and commitments- they all strive to **Get Things Done**. To begin on your AmeriCorps path the first thing to get done is this application!

- **Make a copy** of your application before you send it in.
- **Complete the entire application.**
- **You may use additional sheets of paper** to provide more detailed information that will not fit on this application form. Enclose everything in the final application packet that you submit.
- **Two reference forms are enclosed** in this packet. They are an important part of your application, and your application cannot be considered without them. Completed references **must be submitted with your application**. They should not be sent separately. Select people who you know well and who are familiar with your personal background, education, employment, and/or professional skills. You should not ask a family member, peer, classmate, co-worker, or friend to serve as a reference. Consider asking teachers, advisors, school counselors, work supervisors, clergy, coaches, or someone else familiar with your community involvement and extracurricular activities.
- **Send your application to the right place.** This application will be processed directly from Kansas Association for the Medically Underserved, which is the organization and address listed above. If you send the application to AmeriCorps, it is a longer to process.

If you have any questions please direct them to the contact at the top of the page. Thanks!
